**STANDARD AND
OPTIONALS**

**TECHNICAL
SHEETS**

We design versatile vehicles so that with just one vehicle you can enjoy all the ways you live your life: for those who today work via video call and tomorrow shower facing a cliff.

For those who trade traffic jams for getaways, the office for the mountains, and 'we'll see' for 'we're already on our way'.

 PANAMA

**RESISTANT AND DURABLE
MATERIAL OVER TIME**

**PRODUCT DESIGNED WITH HIGH-QUALITY
SOLUTIONS**

**UP TO 7 HOMOLOGATED SEATS AS
STANDARD**

FACTORY SPECIALIZED IN MINIVANS

COMPLETE CONTROL OF THE TRANSFORMATION PROCESS

From interior space planning to the final finish, we ensure high manufacturing standards.

DURABILITY TESTS

We conduct internal tests that certify the vehicle's durability and reliability under real use conditions.

COMMITMENT TO EXCELLENCE

Our Mediterráneo factory is equipped with advanced technology, as shown in aerial images and van assembly lines.

POO

THE VAN THAT ALLOWS FOR SLEEPING 5 PEOPLE

Lower bed of 150x190 (can accommodate 3 children for sleeping).

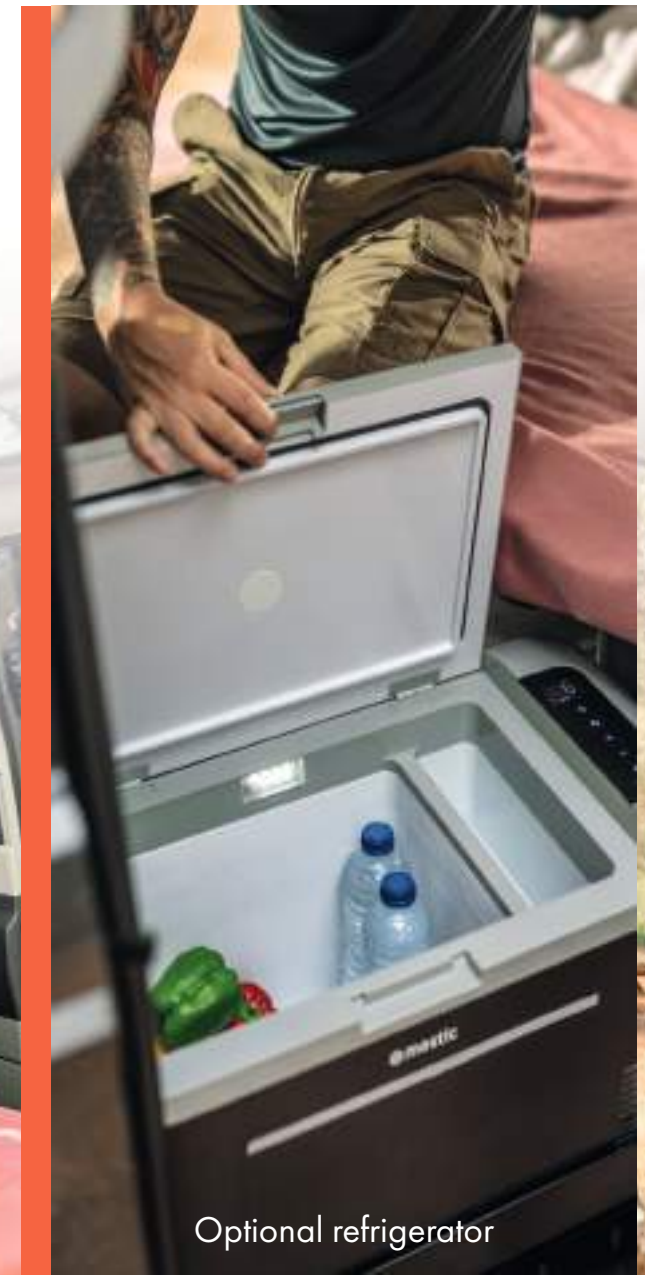

Bench convertible into a bed without a fixed rear piece, allowing for greater modularity of the cargo space.

Two side doors for easy access.

Gas stove to cook without needing to be connected to the electrical grid.

Exterior bodywork free of light and water connections.

Removable 10-liter water tank for use with the exterior shower.

Optional refrigerator

D10+

THE SMART LAYOUT FOR EVERYDAY LIFE

Gas stove with 2 burners and integrated sink.

3-seater seat convertible into bed with longitudinal sliding.

42 L refrigerator with front opening and freezer.

Windows with integrated blackout blinds.

Outdoor shower.

Darkening and mosquito netss on casement windows.

P10H

EXPERIENCE THE POWER OF A 232 HP HYBRID ENGINE

2-burner gas stove and integrated sink.

36L top-opening refrigerator.

Rear windows with integrated blackout blinds.

3 drawers under the bench seat.

P12+
UP TO 7 SEATS

2-burner gas stove and integrated sink.

3-seater bench seat that converts into a bed with longitudinal mobility.

Refrigerator with freezer and front opening (42L).

Windows with integrated blinds.

Outdoor shower.

Mosquito net and blinds on hinged windows.

Six seats as standard.

Option of seventh seat with individual seat.

Individual seats with swivel base.

STANDARD FINISH

FINISH ACTIVE

Curbing mass: The curbing mass includes the driver's weight (75 kg) and 15 liters of fresh water, 90% fuel. The curbing masses indicated only consider standard equipment. European regulations allow a $\pm 5\%$ difference in curbing mass. The manufacturer reserves the right to modify it. Some heavy accessories may be available on the market. The weight of these accessories will reduce the vehicle's payload and may even require a reduction in the number of seats. Therefore, it must always be verified that the maximum axle loads and the maximum technically permissible mass when fully loaded are not exceeded. The heights indicated in this catalog refer to a standard vehicle in curbing order. For technical reasons by the manufacturer of the base vehicle, there may be a 2% tolerance in the final height of the bodywork. The approved fresh water tank capacity for road use is 15 liters and must comply with regulations on Technically permissible maximum mass. It is the user's responsibility to adjust the load and number of passengers based on the vehicle's payload.

The photographs of our vehicles in natural and urban spaces have been taken in controlled environments by professionals. At PANAMA, we urge you to always comply with road safety regulations and respect the environment. The photographs included in this catalog were taken with prototypes; therefore, they may differ from the final commercially available product. Some of the models illustrated in this catalog may be presented with optional equipment. The technical specifications of the photographed models may vary from one country to another. Despite the care taken in preparing this catalog, it cannot constitute a contractual document. Panama reserves the right to make changes to its models without prior notice. Panama is not responsible for any changes made by its suppliers or for typographical errors that may occur during the editing of documents. Any total or partial reproduction of text or documents is prohibited. Recycle this catalog after its useful life. All technical data included in this catalog, both text and photographs, are valid at the time of printing (July 2025) but are subject to change at any time and without prior notice. This document is non-binding. The distributor is at your disposal to inform you and provide any additional information. The vehicles have been approved in accordance with Directive 2007/46 and comply with current European regulations. Find all the latest information on our website www.panama-van.es. In the case of registrations in multiple languages, the Spanish version will prevail.

OPTIONS AND PACKAGES

REAR AWNING

Increased living space with an awning. Ideal for long stays at campsites.

SOLAR PANEL

185w solar panel with MPPT charger with charge optimiser.

PANORAMIC POP-UP ROOF

Panoramic canvas. Increases the interior height by 3cm (increases the exterior height of the vehicle by 7cm).

AWNING

Awnings with a crank handle that create a 5m² shaded area. Unfold it and enjoy your own terrace. Increases the height of the vehicle by +10cm.
